

Terramera

# TerraNeem<sup>®</sup> EC

Insecticide | Fungicide | Miticide | Nematicide

Terramera's TerraNeem<sup>®</sup> EC is a powerful broad-spectrum bio-pesticide. Specially formulated from high-quality coldpressed neem oil, TerraNeem<sup>®</sup> EC has over 150 bioactives, including azadirachtin.

TerraNeem<sup>®</sup> EC is effective on a wide variety of pests and insects and suitable for many crops. But don't just take our word for it, hear what our growers are saying.

## What Farmers Are Saying:

“

Over the last two crop seasons I have sprayed Terramera's product, TerraNeem<sup>®</sup> EC on my alfalfa. We cut our alfalfa 4 to 5 times a year. After every cutting, we apply 16oz of TerraNeem<sup>®</sup> EC to control leaf hoppers (1.25% v/v). **By using Terramera's product, our alfalfa quality and tonnage improved. TerraNeem<sup>®</sup> EC helped sustain and increase yield and prolong the duration of our alfalfa crop acres.** We have plans to use TerraNeem<sup>®</sup> EC on our soybean production as well in 2019.
